Attachment 22

Inspector General's Recommendation Number 9d, page 92

Recommended DCI Action: Approve as modified

Inspector General's Statement

Recommended that:

The DTR arrange for the participation on a rotational basis of line officer representation from the three Deputy Directorates in JOTP placement panels.

DD/P Comment

✓ Concur in principle. The system proposed in this recommendation seems worth experimenting with. It may however well prove to add little to what is now achieved through the participation of Clandestine Service Career Service Panel C in the placement process.
